

Nottinghamshire Area Prescribing Committee

NOTTINGHAMSHIRE AREA PRESCRIBING COMMITTEE TERMS OF REFERENCE

Purpose of the Committee

- To accept delegated responsibility from the Integrated Care Board (ICB) and to represent the NHS and local health and care community in managing the entry of new medicines (including medical devices, wound care products and dietary products) into the NHS.
- To establish a collective strategic approach to prescribing and medicines management issues across the Nottinghamshire Integrated Care System (ICS), in relation to the safe, clinical and cost-effective use of medicines.
- To develop and approve policy on prescribing and medicines management issues at the interface between primary care, secondary care and accountable care organisations and identify associated resource implications for consideration by the commissioning organisations.
- To support and advise on robust governance arrangements for the effective delivery of medicine policy within a framework of the whole patient care pathway.
- To provide guidance on these issues for commissioners and providers within the ICS.
- To ensure all decisions are within agreed financial thresholds and support organisations to achieve savings/QIPP targets for prescribing.

Duties

- To approve and maintain prescribing policies, formularies, traffic light classifications, shared care agreements and prescribing guidelines for implementation across primary care, secondary care and accountable care organisations and to support and advise on a robust governance framework for the delivery of medicines policy.
- To ensure consideration is given to the impact of formulary and policy decisions on patients and carers.
- To utilise horizon scanning to provide advice and input into the planning process for the introduction of new medicines and priorities for funding. Establish a consensus, based on the available evidence, regarding the place in treatment for relevant new medicines / formulations, or for existing medicines with new indications, and ensure that such advice is disseminated to all stakeholder organisations.
- To consider and appropriately implement national guidance such as that produced by the Regional Medicines Optimisation Committees (RMOCs) or NICE.

Nottinghamshire Area Prescribing Committee

- To actively review formulary choices to ensure cost-effective products are available, to feedback on decisions and financial implications to stakeholders and to make available policies and guidelines relating to prescribing and medicines management.
- Maintain strong links with NHS England specialised commissioning teams in order to assess local implications of high cost and/or excluded from tariff medicines.
- To support the safe withdrawal and discontinuation of decommissioned or discontinued medication.
- To establish and maintain a joint formulary between the ICB, organisations that provide NHS services and organisations that interface with the NHS. Examine the clinical and cost effectiveness of different preparations within particular clinical areas and agree on 'medicines of choice' to be applied consistently across both primary and secondary care.
- To make evidence based, informed decisions on the inclusion of medicines in the Nottinghamshire Joint Formulary and classification of these medicines within the Nottinghamshire Traffic Light System, by utilising independent reviews, or by carrying out independent reviews if these not available
- To establish and maintain the mandate of the APC to agree prescribing policy for medicines management issues on behalf of the ICB, provider trusts and local Authorities. Ensure that cost effectiveness is assessed and that all decisions are within agreed financial thresholds.
- To advise and assist the ICB in the formation, development and implementation of plans for the introduction of new pathways, treatments, local policies and national guidance with implications for prescribing.
- To provide advice and recommendations to the commissioning process in partner organisations on the resource implications of new prescribing policy, to ensure that prescribing and issues of medicines use are given due weight in wider healthcare planning and service delivery agreements locally.
- To make recommendations to assist in the resolution of problems relating to prescribing at the interface between primary, secondary, tertiary and social care.
- To develop effective communication channels with neighbouring APCs to enable sharing of proposed advice where this might impact significantly on another locality.
- To act as an independent body for appeals made against Derbyshire Area Prescribing Committee with regards to the process followed to reach a medicine related decision, with Derbyshire having a reciprocal agreement in place.
- To respond in a timely manner to local, regional and national changes in NHS policy that will affect prescribing and medicines management locally e.g. NICE guidance. Provide advice on the local implementation of such policy within the health community.

Nottinghamshire Area Prescribing Committee

- Review NICE Technology Appraisals to determine their significance to the Nottinghamshire health community and where applicable develop guidance to assist the implementation. Ensure that all NICE TA included medicines appear on the Nottinghamshire Joint Formulary (including a traffic light classification) within the necessary timescale following publication.

- To act as a focus for developing and refining local professional opinion on prescribable products and associated pharmaceutical issues, and to convey such opinions to all relevant organisations and bodies, including those not directly represented on the committee

- To review all key safety concerns relating to medicines and devices issued via NHS England, Medicines and Healthcare Products Regulatory Agency publications or other patient safety organisations.

- To advise on policy and procedures for the clinically appropriate use of medicines outside their marketing authorisation.

- To work within the principles of local policy on working with the Pharmaceutical Industry and register declarations of interest for committee members.

- To make recommendations for methods of implementing APC approved guidelines and receive feedback on the implementation of APC guidelines to current practice.

- To consider the impact of decisions on all protected characteristics covered by the [Equality Act 2010](#) and to uphold the [NHS constitution](#)

Chair

The Chair and deputy chair will be democratically elected from within the membership of the committee.

The Chair and deputy chair will serve for a period of 3 years, with an annual review of the appointment to take account of changes within year.

The Chair will ensure there is a written report on an annual basis.

Voting Structure

The Committee will seek to make decision by consensus and agreement of its membership. However on the occasions when the committee cannot reach consensus, decisions will be made by a simple majority of those present. In the case of equality of votes, the Chair will have a casting vote.

Quorum

Nottinghamshire Area Prescribing Committee

The meeting will be deemed quorate where there is representation from the ICB (primary care) and Secondary Care Trusts (SFHT, NUH, NHCT). At least two Doctors are required, one of which should be a GP.

Document ratification

New and updated documents which are to be hosted on the APC website will, in most cases be presented and ratified at a meeting. Where a document has reached its expiry, had a full review but received only minor changes, classed as:

- Minor wording update
- Update to links
- Contact detail update
- NO change to medication or dosage
- NO change to monitoring requirements

the document may be circulated to members for virtual ratification outside the meeting. Members are expected to review the changes and either approve or reject these to the author. Approval must be returned by members required for quoracy before the virtual ratification is complete.

Relationships and Accountability

Each organisation will need to agree accountability arrangements for the Committee.

The Committee will need to determine links with primary care prescribing/commissioning subcommittees, Trust Drugs and Therapeutics Committees and other neighbouring Area Prescribing Committees.

The Committee will need to ensure clear links/accountability with Commissioning, Finance groups and Governance Groups.

Administration

- Meetings will take place monthly with the focus on guidelines one month and formulary the next
- The administrative services to the Committee will be provided by the medicines optimisation interface team, employed by the ICB.
- Meeting agenda and papers will be circulated to members one week prior to each meeting.
- Minutes of the meeting will be circulated to members within two weeks of each meeting.
- A summary bulletin will be produced and circulated every other month.
- The venue for the meeting will be chosen which is accessible for the whole health community to ensure attendance by all members of the Committee. Virtual meetings hosted by Microsoft Teams will also be utilised to ensure maximum attendance.
- The Committee will have the ability to establish time-limited task groups as and when required, to undertake specific tasks.
- In the event of urgent decisions being required in between scheduled meetings, e-mail communication will be used. Where this fails, an emergency meeting may be called.
